

National Institute of Governmental Purchasing Copper Chapter

2021 Membership Investment

Hello Amphitheater Public School District Procurement:

Annual 2021 Membership Investments in the Copper Chapter of NIGP are now being accepted. The annual local chapter membership investment is only \$40.00 per member. We hope your agency will continue to support your employee's involvement in this organization designed for the support and enrichment of purchasing professionals. The returns your agency and members realize on continuing membership include:

- Monthly guest speakers and presentations provide excellent information designed to improve job performance.
- Members attending meetings earn educational points towards their CPPB or CPPO recertification.
- Networking opportunities amongst professional peers.
- Availability of scholarships with active member participation-more important now than ever with the tight budget situation.
- Added visibility of the agency through the Annual Reverse Vendor Trade Show-a free event for agencies designed to increase the vendor base, increase competition, and correspondingly decrease costs.

This is also a good opportunity to update membership profiles with the Copper Chapter. Please complete the "Information Update" form attached for paid members so that we may include this updated information in our next directory.

Although 2020 was a different year for all of us, we implemented online meetings. This has been successful and allowed for more membership participation. We are already looking forward to 2021 and all the great things it will include, such as a Winter Virtual Conference, and our Annual Reverse Trade show. The money raised will continue to provide scholarships for our members for procurement educational enhancement, CPPB/CPPO certifications and recertifications of our membership, and attendance at various procurement events, including the 2021 NIGP Forum in Anaheim, CA.

Thank you for your continued support, we are planning a great 2021!

Sincerely,

Jenn Myers, NIGP-CPP, CPPB
2019-2020 NIGP Copper Chapter, President
