

PBDBEYONDPRINT

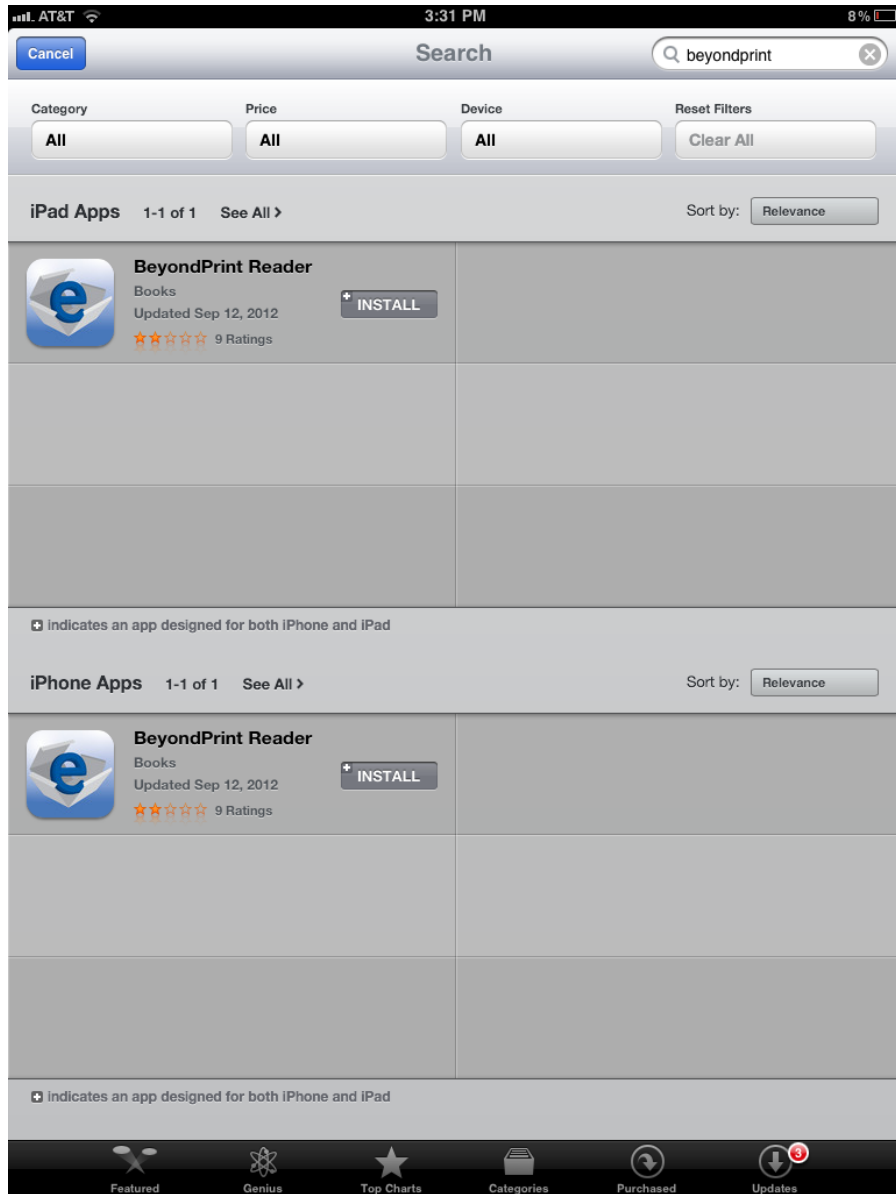

Downloading an eBook Directly to an iOS Mobile Device

(iPad, iPhone, iPod)

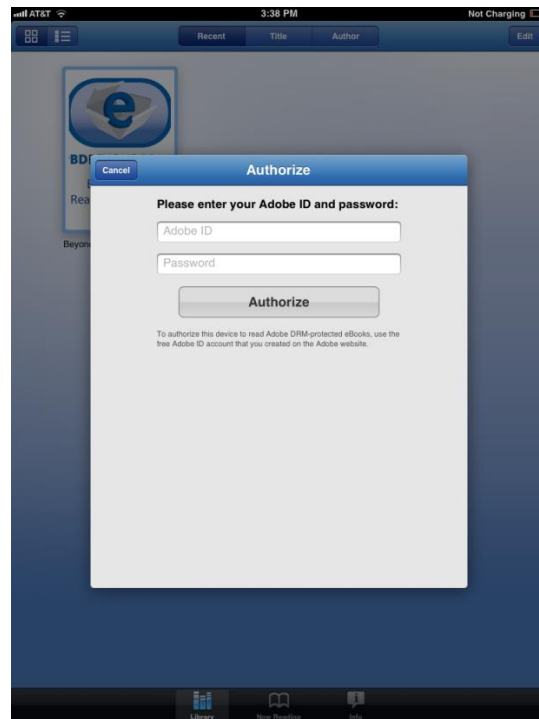

Getting Started:

You will first need to create an Adobe ID. You can do this by [going here](#) and selecting “Don’t have an Adobe ID?”

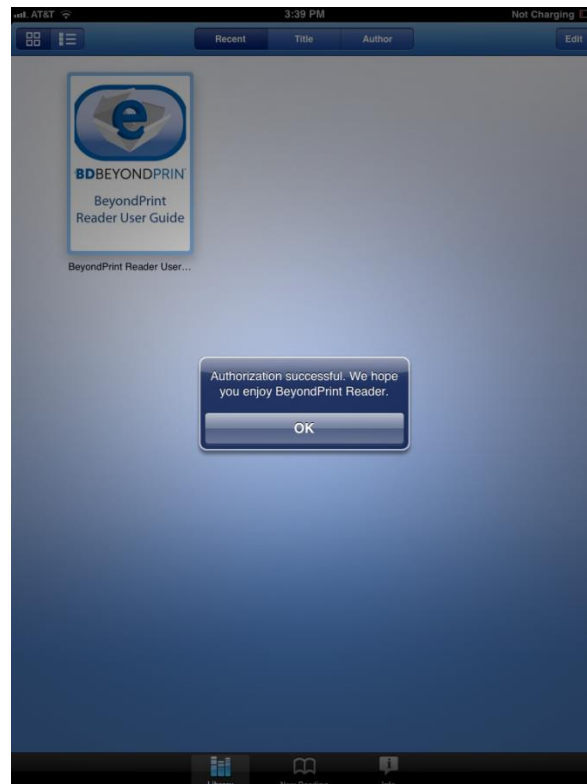

After creating an Adobe ID, you will need to download and install an app called “BeyondPrint Reader” from the Apple App Store.

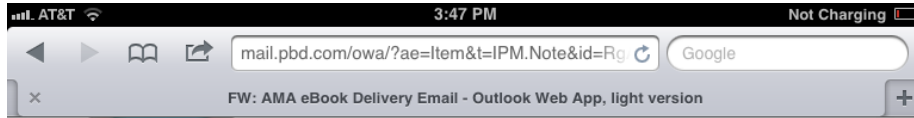

Once it has installed, open the app. It should prompt you to authorize you iPad with the Adobe ID you created.

You should get a confirmation message that the authorization was successful.

Now you are ready to download eBooks! Navigate to your delivery email and select the “Download version for iPhone/iPad.”

2. Search for and install the BeyondPrint app.

The app is also available in iTunes through this link:

<http://itunes.apple.com/us/app/beyondprint-reader/id464926033?mt=8>

3. In the app under Info, authorize using the Adobe ID you created in step 2 of the previous section.

You are now ready to download the e-book.

E-BOOK DOWNLOAD LINKS

In order to access the e-book please select the correct link below.

Save this email! You will need these links to download to other devices (up to 6).

PC Users:

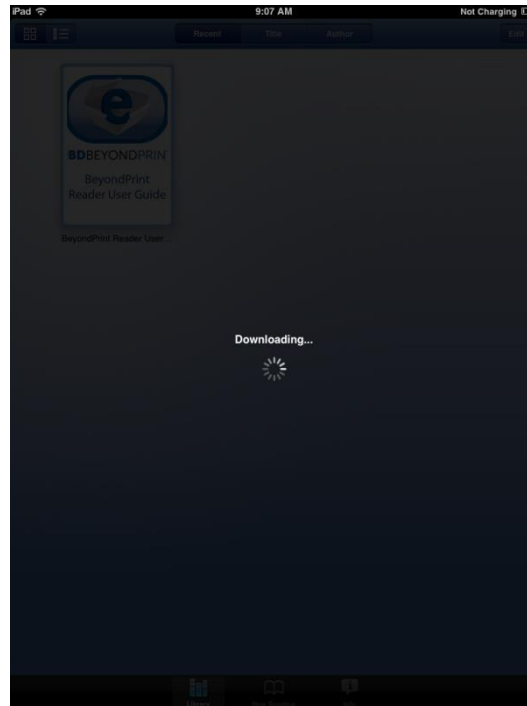

[Download PC version](#)

iOS Users:

[Download version for iPhone/iPad](#)

You should be prompted to open the file with BeyondPrint Reader, then the download will begin!

WARNING!!! Do not let your screen go dark (lock) during this download! You *will* get an error message and the eBook will not download.

Once the download has finished, you will be able to read your eBook!
