

The Institute for
Public Procurement

Virtual Learning Calendar

JULY 2020 – JUNE 2021

NIGP is here to support the educational needs of our members. Your health, well-being and safety are our highest priority. These virtual instructor-led offerings are designed to keep your professional development moving forward and to help you be successful in today's ever-evolving workplace. Learning experiences range from 1/2 day to 3 days. In addition, our 2, 4 & 8 week courses allow you to study on your own and then come together with peers and an NIGP instructor to discuss concepts in detail. With virtual instructor-led training, you get the benefit of interacting and collaborating with a live instructor while maintaining the ease and flexibility of a virtual online course.

We understand your budget constraints and are doing everything we can to keep training costs to a minimum while providing maximum impact and value. We hope you can take advantage of these savings as we continue to create innovative, cost-effective virtual training experiences for our Members.

Note: This Virtual Learning Calendar includes NIGP-hosted offerings only and does not reflect the complete schedule of learning opportunities. Please contact our Events team (events@nigp.org) for more information or to discuss scheduling agency and chapter training.

Schedule subject to change. Check the website for updates and descriptions.

Member Exclusive Savings through September 30, 2020
